Dear Dr Mohammed

Thank you for coming to see me on Wednesday 1st February 2012. It was very interesting to meet with you and I hope you found it useful.

I am enclosing a reference letter that you requested and I hope it will encourage others to agree to be interviewed by you in order to help you with your research.

With my best wishes.

Yours sincerely

Dr Mohammed Abdul Lais

I have met with Dr Lais and have been interviewed by him. In the interests of community cohesion, I hope that his research and that of others interested in the perception of Islam in this country may be fruitful.

I would encourage anyone he approaches for an interview to participate.
